

Riding Lessons For Home Educated Children

Horse Riding can offer many benefits for children who are home educated.

Being with Horses & Ponies can inspire individuals.

It can help them connect with society through the magic of horses whilst helping them with education & training.

It is also a great option for physical education but can also build confidence and is an opportunity to mix with other home educated students.

Field View Equestrian
offers riding lessons for
Home Educated Students

30 minute
Class Riding Lesson
(opportunity to groom)

Lessons available
throughout the week
