

Own A Horse/Pony Experience

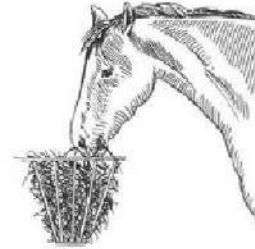

*Imagine owning your own pony or horse for the day; enjoying a leisurely Sunday with other horse enthusiasts. **Interested...?***

You will be able to ride your loan horse a couple of times during the day whether this be a supervised schooling session, a lesson or a group hack with a qualified escort if the weather is on our side! The rest of the day will be filled spending time with your loan horse or pony, socialising with other horse enthusiasts and learning lots about our equine friends. These days will be a perfect opportunity for the pony club members amongst you to practice and perfect the skills you learn such as grooming, plaiting and bandaging; and for those of you who are not members this will provide the opportunity to learn these skills too.

There is no set time for the day, the yard is open from 8.30am until 5.30pm so depending on what you would like to get stuck in with, how long you would like to stay or what best suits you and your family will determine what times you are at the yard on the day.

The horses day begins at 8.30am, so if you are interested in getting involved with the morning

care of the horses come down early doors and help with mucking out and general morning yard duties. If this doesn't sound like your cup of tea, we finish these duties around 10.30am so you are more than welcome to come around this time instead and get straight to spending time with your loan horse or pony.

Similarly evening care of the horses begins at 4-4.30pm so again if you are interested in helping putting the horses to bed and giving them their feeds you are welcome to stay until 5.30pm. Otherwise it is equally fine to leave any time before the evening yard duties begin once you have finished riding and grooming your loan pony or horse. Just let us know what times are going to suit you and we will try our best to help you to get the most out of the time you are here with us.
